VALUES

EXCELLENTLY OCIOUS

My treatments are excellent, and the word ocious translates in Spanish as “having nothing to do”. When receiving a treatment from me, you will become excellent at having nothing to do except being super calming and mindful.

CREATIVE INTERGRITY

This new brand gives me even more freedom than before to express my artistic flair.

WHAT JANE AND MICHAEL WROTE IN THEIR LETTER

Cheery disposition, rosey cheeks, kind and witty; everything you want not just in a nanny but also in a holistic therapist.

INVEST YOUR TUPPENCE WISELY

You are better off spending your hard earned cash on a treatment with me than saving them in the bank.

YEAH, WHAT SHE SAID

As Mary Poppins made herself quite clear in the film, “I never explain myself” - nor will I.

DIGITAL SECURITY

All consultation forms are kept in a super duper encrypted filing system that is in keeping with the GDPR Laws.
